

PROVIDER CAPABILITY STATEMENT

Site-ready support for modular and mobile office providers.

Core rentals for the everyday jobsite. Defined coordination when a larger project needs several categories working together.

Central Texas: Austin-San Antonio corridor. **Statewide:** reviewed by location, schedule, scope and provider coverage.

CORE PRODUCT CATEGORIES

Storage & specialty containers

20-foot and 40-foot storage requests; sourceable configurations and custom design / fabrication by quoted scope.

Fencing & barricades

Temporary perimeter systems, gates and barricades. Rental or installed-sale alternatives by project.

Jobsite office furniture

Packages planned around floor plans, staffing, meetings and storage; delivery and setup scope defined in the quote.

Modular access systems

Ramps, stairs, platforms and landings coordinated with building and site information and project-specific review.

A CLEAR PARTNER HANDOFF

- 1. Define.** Share the building plan, jobsite, dates and needed categories.
- 2. Coordinate.** Agree on customer contacts, fulfillment, subcontract roles and approvals.
- 3. Support.** Confirm scope, handover, service contacts and recovery responsibilities.

SUPPORTING SERVICES & QUALIFICATION

Qualified providers can support sanitation, waste, temporary utilities and other agreed requirements. Larger projects can add hands-on coordination. Products, availability, schedule and responsibilities are confirmed before commitment.

For qualification: send onboarding requirements, coverage, categories and contracting model. Request applicable W-9, insurance and current documents for review; this sheet does not certify vendor approval or credentials.

START VENDOR QUALIFICATION

sales@konradsiteservices.com | (539) 233-6129

Representative capabilities, subject to project-specific scope and review. No roadway work-zone traffic-control contracting.
