

PERIMETER / PLANNING CHECKLIST

Fence Panels vs. Driven-Post Construction Fence

Complete the items below, then send this sheet with the relevant site plan or photos to Konrad. Configuration, availability and fulfillment scope are confirmed in the quote.

PROJECT / LOCATION _____

CONTACT _____ DATE _____

☐ **Perimeter plan and total estimated footage**

Number the fence runs and show gates. Mark quantities that remain preliminary.

☐ **Surface and slope along each run**

Describe each surface and any exposed or sloping section for installer review.

☐ **Expected layout changes and duration**

Include likely openings and phase changes when comparing panel and installed systems.

☐ **Gate requirements and operating space**

Check the opening and gate movement against delivery access and intended walking routes.

☐ **Screen and stabilization review**

Ask the installer to define appropriate supports, accessories and any operating limitations.

☐ **Utility coordination and removal or restoration scope**

Resolve applicable utility coordination and restoration responsibilities before ground work.

Notes / items to confirm

Planning aid only. Confirm product-specific delivery and installation requirements with the selected provider. Project approvals and professional reviews are not established by this checklist.
