

PERIMETER / PLANNING CHECKLIST

Construction Site Perimeter Planning

Complete the items below, then send this sheet with the relevant site plan or photos to Konrad. Configuration, availability and fulfillment scope are confirmed in the quote.

PROJECT / LOCATION _____

CONTACT _____

DATE _____

☐ **Marked project boundary and numbered fence runs**

Show work limits, occupied areas, storage, entrances and any public-space interface on one plan.

☐ **Gate count, use and delivery vehicle information**

Separate pedestrian and vehicle openings. Describe the largest planned delivery and operating space.

☐ **Ground surface, slopes and underground utility coordination**

Identify pavement, soil, slopes and known buried services. Confirm private-line locating if needed.

☐ **Privacy screening and stabilization review**

Review screen with the installer before ordering; supports and attachments are system-specific.

☐ **Phased moves and service contact**

Record planned moves, temporary openings and who can approve a changed layout.

☐ **Install, rental, changes and recovery responsibilities**

Compare the written quantities, accessories, term, additional work and closeout requirements.

Notes / items to confirm

Planning aid only. Confirm product-specific delivery and installation requirements with the selected provider. Project approvals and professional reviews are not established by this checklist.
