

STORAGE / PLANNING CHECKLIST

20 vs. 40-Foot Jobsite Storage Containers

Complete the items below, then send this sheet with the relevant site plan or photos to Konrad. Configuration, availability and fulfillment scope are confirmed in the quote.

PROJECT / LOCATION _____

CONTACT _____ DATE _____

☐ **Site address and marked gate location**

Mark the actual delivery entrance and a backup placement location if space is constrained.

☐ **Preferred 20-foot or 40-foot configuration and quantity**

List quantities, required door access, and whether high-cube or double-door options need review.

☐ **Longest items, shelving needs and required aisle**

Allow for retrieval, shelving and working space. Confirm the selected unit's actual specifications.

☐ **Placement and approach photographs**

Photograph turns, slopes, gate openings, the surface and overhead conditions along the whole route.

☐ **Door direction and overhead obstacles**

The carrier must confirm its truck and unloading needs; a container footprint is not a delivery clearance.

☐ **Start date, duration, recovery access and authorized site contact**

Identify who receives the unit, authorizes pickup and keeps the recovery route clear.

Notes / items to confirm

Planning aid only. Confirm product-specific delivery and installation requirements with the selected provider. Project approvals and professional reviews are not established by this checklist.
